Danubius University in partnership with *Centre of Academic Excellence*, within the 8th International Conference on European Integration – Realities and Perspectives, organizes a *workshop dedicated to the Europeanization of the Higher Education Studies*.

Academic Excellence – Fostering Internationalisation of Romanian Universities

Chairwoman

Mihaela Carausan, National School of Political Studies and Public Administration, Bucharest, Romania

The objectives of the proposed event

The modernisation of the Romanian Higher Education is an imperative if we really wish to play a full role in the Europe of Knowledge. This stage is necessary, so that the higher education institutions can face the challenges posed by globalisation and contribute more effectively to the training of the European workforce.

The topics covered by the event are:

1. European teaching methods and technology (virtual campuses, interacting with students);
2. Curriculum design and competences (course design, curriculum development);
3. ECTS and DS label (credits design, subject's code, students' guide);
4. European accreditation (quality assurance);
5. Linking professionals around Europe (organising international cooperation best practices, Erasmus programme best practices).

Outcomes

We would like to share and discuss our findings with experts from other universities and even member states. Analytical papers capable of offering examples of best practices within the field of internationalisation of the higher education institutions are highly important. The best papers presented within this workshop will be published in the BDI Conference Proceedings, [EIRP Proceedings](#).
